150

## Project Description

Conveniently located in the heart of Singapore's Central Business District (CBD) at Shenton Way, V on Shenton offers prime grade A office space that is positioned to meet the evolving demands of the modern office occupiers.

Microtac Systems was tasked to supply and install the access floor system for the office units in the building. With our experienced team on site, the installation process went smoothly and we were able to complete the project expeditiously.
