150

Project Description

One Raffles Place Tower 2 is a premium Grade A office tower located in the heart of the CBD of Singapore. The 38-storey office tower houses many environmentally efficient features and is a recipient of the Green Mark Platinum Award.

Microtac Systems complemented the environment-saving efforts of our client with our access floor system, which we had installed for the office levels on the 5th to 38th storey. Our MFS all steel with cementitious infill floor panels are Green Label certified by the Singapore Environment Council, underscoring our commitment to environment protection and our desire to build a sustainable future.
